You don't know my name What's my name?

Don't say it, what you're about to say
Lies, please don't make me cry
I want to know why you go away (away)
My obvious answer is, No No

So easily, you say to me, I'm sorry (sorry)
Every day, it's the same story
Again today, because of you, I cry again(again)
Your lies are so obvious

The scars are deep but
Don't try to comfort me now
You're so ridiculous
I don't need you anymore

My name is, your girlfriend, what?
Why do you keep looking somewhere else?
You don't know me
It's already been a few years since we met
How come you don't even know my name?
My heart aches

My name, my name
What's my name?
My name, my name, my name
You don't know my name What's my name?

Was I not enough for you?
Or did I do something wrong?
This isn't right babe, I can't do this
My obvious answer is no no

The scars are deep but
Don't try to comfort me now
You're so ridiculous
I don't need you anymore

My name is, your girlfriend, what?
Why do you keep looking somewhere else?
You don't know me
It's already been a few years since we met
How come you don't even know my name?
My heart aches

My name, my name
What's my name?
My name, my name, my name
You don't know my name What's my name?

It's all a lie
Don't tease me, I won't believe in you

I keep getting scared
What if you really leave me?

My name is, your girlfriend, what?
Why do you keep looking somewhere else?
You don't know me
It's already been a few years since we met
How come you don't even know my name?
My heart aches

My name, my name
What's my name?
My name, my name, my name
You don't know my name What's my name?
