

Hide and Seek

T. Graham Brown

You're saying hey, now let's play and you show me the way
I chased you 'til I finally had enough
I run hot, you ran cold, 'til the game got old
And I'm tired of playin' hide and seek with your love

First you will, then you won't, say you do, then you don't
You keep me guessin', you're makin' me want to give up
It's a sin, it's a shame, it's a childish game
And I'm tired of playin' hide and seek with your love

You said all you needed was a little time and you took me for a
fool
Now honey, how long can you go on changin' all the rules
Well, I lost and you won, I hope you had yourself some fun
'Cause I'm tired of playin' hide and seek with your love

You kept sayin' all you needed was a little more time and took
me for a fool
Now honey, how long can you go on changin' all the rules
Well, I lost and you won, I hope you had yourself some fun
'Cause I'm tired of playin' hide and seek with your love

You said all you needed was a little more time and you took me
for a fool
Now honey, how long can you go on changin' all the rules
Well, I lost and you won, I hope you had yourself some fun
'Cause I'm tired of playin' hide and seek with your love

Yes, I'm tired of playin' hide and seek with your love
Tired of it
