We were low ((til when its all bad)  
But I promise I will never let you go

(you got my back right?)  
I got I got I got I got your back boy  
(as long I know you got my back right)  
Keep my swagger

Keep it looking hood for ya  
And shawty if you don't know

You ain't gotta ask  
Yes, Valentino blouses, summer houses, cash, check!  
You can get it you deserve it, flawless diamonds, Louie purses,  
My mission's to purchase Earth for her  
Present the gifts without the curse  
Her pleasure is my purpose  
Pleasure to be at your service  
We front row at fashion shows  
As well as Sunday morning service  
But better days or for worse  
If I'm paid or I'm hurting in my pocket  
She still got a nigga back, know that's for sure  
No matter what may occur in life  
Everyday with her is like a plus  
I'm a love her til she be like that's enough  
Pop a bottle get a couple wine glasses fill 'em up and lift 'em up  
Let us toast to the future here's to us  
No, here's to her

They wonder how we do what we do  
Panamera Porsche's me and you  
Stuck to your side li, li, like glue  
Be by your side boy, whatever your goin' through

(you got my back right?)

This is for the women who man caught a sentence  
Who gonna be there for a minute but they didn't keep their distance  
They stayed home waiting on the phone  
And on visit day show up looking good smelling better, playing kissy face  
Just wanna let you know we appreciate  
Everything you do for us on a day to day  
And I know we don't show you all the time but we lucky that you ours  
No bouquet of flowers could ever show how much we know we need you  
We do all that's in our power just to please you  
See boo, fuck them girls I would leave the world 'fore I leave you  
May God say even Eve and Adam ain't have shit on these two

They wonder how we do what we do  
Panamera Porsche's me and you  
Stuck to your side li, li, like glue  
Be by your side boy, whatever your goin' through

We were high (til when its all good)  
We were low ((til when its all bad)  
But I promise I will never let you go  
(now what you call that)

Sure 'nough  
Even though them chicks be hatin' on us  
Still I'm gonna keep her by my side  
In whatever situation we gon' ride  
Make all my fantasies come alive  
That's no lie now  
I'll be alright just as long as you beside me  
Ten million dollar mansions won't suffice  
If you ain't gon' be in there with me at night  
The pieces to my puzzle's in my life  
With all of my good days and all of my bad  
You stood by your man and you know you got my back  
Worth every car every bag with me they wanna be that  
I know what I got at home  
I ain't never gon' leave that  
Them bitches best believe that

We were high (til when its all good)  
We were low ((til when its all bad)  
But I promise I will never let you go  
(now what you call that)  
Said I got I got I got I got your back, boy
