

Like So

T.I.

Ay suckas hate to see me get it like so, so
Bitches say they dig the way I kick it like so, so
Filthy rich and still I keep it pimpin like so
Still the realest nigga in it with a image like so, so
Shawty there might pull up in her ride like so, so
With a bad bitch with him inside like so, like so
Super fly like so, niggaz lyin like "SO?"
Still spit it how I live it, wanna hear it? Here I go, go

Hey all I do is go and go by this and that to so-and-so
Lil' PeeWee say "They hate to see ya ballin bro," you know I know
So what though? They can't stop it, they just watch it as this
dough I blow
With millions in my pocket, shut it down in every sto' I go
Atlanta on my shoulders, oh I told it like a soldier though
Suckas I expose or minimize in exposure so
They tryin to make me kill 'em, I'm controllin my emotions though
Why you niggaz lookin so surprised? Ain't I supposed to blow?
From trappin to the club scene, rappin to the big screen
Fashion, television, listen shawty doin big things
Get team money, fuck a bitch if she ain't cummin/comin
So conceited ain't funny, if she ain't fly well she ain't for me
Pretty face, fat booty with a magazine stomach
Catch me somewhere where it's sunny, it ain't us if we ain't stuntin
Say we runnin we ain't frontin, they be trippin, ain't nuttin
If they kick it we be puntin, man I'm tryna teach ya somethin man

Is there a message from the greatest? Yeah, go get yourself some paper playa
Try to do as I do God but I am just a patron fare[?]
It could be that my greasy yellow deuces make 'em hate me where
they try me bruh, they get tore up just like Drake did his ACL
Respect the foreign and domestic in the A as well
Feel like 'Pac did when he said y'all act like y'all want me to
stay in jail
I'm raisin hell today cause yeah I heard about you suckas
Use my absence as a crutch, so fuckin ass time to suffer
Rappers keep on tryin to +ketchup+ but they just can't cut the
mustard, huh?
I'm well here, I'm stayin here, so fuck if they say such-and-such
You keep the credit, what I need a trophy and a statue for?
Millions stackin up and I don't give a fuck what awards show pa

ss me up

My movie agent Brian always ask me what I'm rappin for

It's passion, I wouldn't trade it for all the diamonds out in A
frica

Sahara hot, everything you drop is comin after us

My character is rare and for that reason they be starin, huh?
