

# Believe That

T. Mills

[Chorus:]

She say she ain't done this before  
(I don't believe that)  
She say she don't miss me anymore  
(I don't believe that)  
She says she ain't got nobody else  
(I don't believe that)  
She thinks that she's leaving by herself  
(I don't believe that)  
I don't believe that [x8]

They say that you the one I'm waiting on  
Make me believe that  
Been the one they fucking with  
(That's cool run hello breathe that[?])  
I'm buzzin', buzzin', buzzin'  
I can't keep my phone from ringing  
I been living out all of these hooks that you've been singing  
Say no more, bands on deck  
Once hit the floor, Twitter's me or more [?]  
At least we're 24, you say I'm moving fast  
Still you're coming over, asking me to pour  
Started on the couch, moved to the bed  
Ended on the floor, then we went some more  
Damn, this exactly what she coming here for, but...

[Chorus]

While you been lying, I been getting high with my friends  
Miss me with that drama, wondering when will all that shit end  
Now that we're older, you still all up on the same shit  
But I guess for tonight, we can fuck and forget  
I been thinking, I've been drinking  
Maybe I was mistaken  
Tell me that you're somewhere waiting  
And you're mine for the taking  
Give me that, just how I like it  
Give me lip, I'ma bite it  
Sit on top, I won't fight it  
She a pro, she try'na hide it, cause...

[Chorus]

I don't believe that [x8]

Baby I don't believe that for a bit  
Baby I don't believe that one bit, baby, baby, baby  
Baby, baby  
Oh no, yeah  
I don't believe that for a bit
