I can't believe I got so high  
Smoke clouds, the sun so high  
I'm so high, I forgot that line  
I can't forget about Riverside  
The side  
But on a road they say all I do is role up  
Yeah I smoke  
They mad 'cause keeping up so hard  
Keepin' up so hard  
Keepin' up so hard  
Pass that kush  
It got the girls in the cars  
Looking so hard  
They can't catch me though  
'Cause keepin' up so hard

Welcome to my room that high room  
Double X's kill zone  
Double up and extendo there  
Make sure that it's real long  
I'm smoking on that Schwarzenegger  
That Iron man, I'm still gone  
Basically what I'm saying is  
I've been smoking on this real strong  
Keeping up is so hard, life is moving so fast  
Yesterday in my rear view, and life's full on the gas  
We used to be in the same position so I get just why you mad  
You run a 60 in less than 10 in a row I'm speeding of in that ass  
I'm elevated, levitated, elevated I'm high  
Elevated, levitated, elevated I'm high  
Elevating, levitated, elevated I'm high  
I'm elevated, levitated, elevated I'm high

I can't believe I got so high  
Smoke clouds, the sun so high  
I'm so high, I forgot that line  
I can't forget about Riverside  
The side

Ride, let me put you on something only I know  
When the chief and me are are hauling  
I have sold it 'cause I smoke  
I love bud even my shane's smoking  
See that fucking gray clouds like the rain coming  
Yeah my rain coming, watch me fly pass  
To the top way higher than my high ass  
Uh, these OG's in east LA

So loud wish I had this on beats by Dre's  
I'm a rock star, fucking Pot star  
Light up anywhere 'cause I'm not sure  
I'm the kush God fuck with you dawg  
Know when I come do make sure you disabled them alarms  
Cause I'm burnin' down your dorms, stair cases, back allies  
And get schooled rolling up at your pap rallies  
Tryin' to cop a sack then get at me  
Got some shit sure to make you happy  
I'm elevated, levitated, elevated I'm high  
Elevated, levitated, elevated I'm high  
Elevating, levitated, elevated I'm high  
I'm elevated, levitated, elevated I'm high

I like blue drain, blueberry  
At the house watching Halle Berry  
Movies with groupies in Jacuzzis  
They blow me when they smoking up on that "Ou wee!"  
Blasting off in that Oh Yeah  
Your girlfriend, your ex chick and your next chick  
They all here  
One year, that's 12 months, 12 girls I hit once  
2 girls I hit twice and they both arrived on the same night  
Same time and their names rhyme  
Slam dunk I got hang time  
One blunt, smoked an 8th of weed  
And you still blowing that same dime  
I'm elevated, levitated, elevated I'm high  
Elevated, levitated, elevated I'm high  
Elevating, levitated, elevated I'm high  
I'm elevated, levitated, elevated I'm high
