

Back Outside

T Mulla

Baby there's no need to hide
Give me the call say you're back outside
Summer time, you and I
You know the steeze you know the vibes

I say we make two worlds collide
You ride, I'll provide
Destinations, we will fly
(Girl you know we will fly)

Oh, girl I'm back outside
(Back outside, back outside) oh, yeah, yeah
I'm back outside
(Back outside, back outside) oh, I mean
You know I'm back outside
(Back outside, back outside) ehen, ehen
I'm, I'm back outside
(Back outside, back outside)

Sweating in Marbs in the UK it's winter
Ten gyal in a sprinter, two that I'm into
Once gives sugar and the other gives ginger
Girl if I give you this wood no be splinter

Body slick slim thick she a teaser
She like the steeze with ease I please her (please her)
With ease I please her
(Please her, please her, yeah, yeah)

These spirits got me dancing funny (who ordered azul?)
Tell a gyal don't stop, dancing for me (who ordered azul?)
Mhm, when we pull up looking like dancing money (who ordered azul?)
Tell a gyal don't stop, dancing for me
(Girl you know we will fly)

Oh, girl I'm back outside
(Back outside, back outside) oh, yeah, yeah
I'm back outside
(Back outside, back outside) oh, I mean
You know I'm back outside
(Back outside, back outside) ehen, ehen
I'm, I'm back outside
(Back outside, back outside)

Baby there's no need to hide
Give me the call say you're back outside
Summer time, you and I
You know the steeze you know the vibes
I say we make two worlds collide
You ride, I'll provide
Destinations, we will fly
Follow me girl, cause you know I'm back outside

(Back outside, back outside) ooh, yeah, yeah, yeah, yeah
(Back outside, back outside) oh, I mean
You know I'm back outside
(Back outside, back outside) ehen, ehen

I'm, I'm back outside
(Back outside, back outside)

Back outside
I'm wit' the gyal dem, living we're back outside
And all the gyal dem, there they're back outside
And I blow her back out nice
