You're looking at a millionaire to be
I'm tryna get me the Patek Phillip
Gold digger, tryna get next to me
The only thing she can get is D
My nigga's runnin' from the fed, police
I'm praying that my nigga gets released
Couple of ways you can get when you're hungry
Risk your freedom and get the fees

Money, I need plenty (Plenty)
Tippin' my baby in Fendi (Yeah, yeah)
I'm living expensive (Expensive)
You know, I need to stay trendy
Grindin' on a next ting, man, I really need restin'
Now, it's a myth to fly here cause of Brexit tax, man
Tryna boy man, that's sexist, donny

I need unlimited balance
It's really impor-tant
The vision is so clear
Overload the O's, zanny

Rugged, used to do bars with a bucket
Now, it's first class BA, no luggage
Fuck it, some way in Greece, pocket it
Shawty coulda got it in the guts, now, she guttin'
Diamonds dancin', VV's bruckin'
Half a mill' for my next deal, won't cut it
My nig' still get it on the block then hug-ged
My white boys pattern that, don't be a muppet
Feds saw the coupe then spun it
I don't do F no more, I get budgets
Flip a coin if I get head, will she 'uck it
Brown skin ting, LeToya Luckett
The man get Gucci belts and tuck it
Once upon a time, that was me, won't cuss it
Lie's been a pattern, never been a challenge
Even if it was axe, still don't rush it

Unlimited balance
It's really impor-tant

The vision is so clear
Overload the O's, zanny
