

Get Me High

T Mulla

You get me high
You give me all that I need

Yeah
I've come a long way from sleeping
Twenty-fours, I'm awake and dreaming
Couple girl wanna take my semen
I'm with two girl and them make tag teaming
When the melody does, that's teasing
And the sound of the bass that's eating
Outside, it is blasting season
Two Casamigos in Eden

Your love can set me free

Feel like I need you
Come please me, I wan teach you
When it's this season, I'm easy with my people
Go thank God, I prosper
Now he forty-two, yeah, buster

All these light shows, make it get hot there

Twenty-fours, I'm awake and dreaming
Couple girl wanna take my semen
I'm with two girl and them make tag teaming
When the melody does, that's teasing
And the sound of the bass that's eating
Outside, it is blasting season
Two Casamigos in Eden
