

I ain't nothing like your recent dates
I'll put you in a recent plate
I've got personality, decent face
Can't forget the D's insane
Let me be your company, this way
If you feel me call for me, this way

I said baby come and link me in the big machine
Big boy wagon, we don't take taxis
Thicker than a Snicker and a pink maxi
She called me fly yeah that's big facts g
She ain't quiet, slim, thick, no diet
Had to dig the D in her guts now she tired
And I don't care if your ex is violent
My gang niggas got corn for a green giant

Fly nigga, how you gonna tell me that ain't true?
Fly nigga, how you gonna tell me that ain't true?

I ain't nothing like your recent dates
I'll put you in a recent plate
I've got personality, decent face
Can't forget the D's insane
Let me be your company, this way
If you feel me call for me, this way

Let's just wave, Hennessy to relieve man's pain
The government don't wanna free man's mates
Shit I'm praying that he beats that case, so let's pour one
Pulled up in Gucci and now she said she's proud of me
And free the mandem, pull up with two G's
Exclusive Jordan 23's
I'm expensive now she wanna choose me

Fly nigga, how you gonna tell me that ain't true?
Fly nigga, how you gonna tell me that ain't true?

I ain't nothing like your recent dates
I'll put you in a recent plate
I've got personality, decent face
Can't forget the D's insane
Let me be your company, this way
If you feel me call for me, this way
I ain't nothing like your recent dates
I'll put you in a recent plate
I've got personality, decent face
Can't forget the D's insane
Let me be your company, this way
If you feel me call for me, this way
