

A thousand rounds, about a million shots
I'm going pound for pound, so I can feel the drop like
But I can't leave and feel my hands
But this liquor in my system make me need to go and dance
I want to go and hit a thousand chicks, like I got a thousand d

But I really need just one, Imma take her to my house and shit
Lounging shit, yeah, we gon drink until we fall
But I'm gon sip a little bit more cause I just can't feel it at
