

# Fall Off

T-Pain

Told her I was going to Miami  
But she don't like that idea, she know why I'm outchea  
Told her I was gonna see my family  
But there's way too many fans and the bands will make her dance  
I can accommodate anybody, everybody  
I don't wanna wait  
I just wanna feel that body up against mine  
But that's not what's happenin'

I go somewhere alone, hop up on that wagon  
Then I fall off, fall off, fall off  
Hop up on that wagon  
Then I fall off, fall off, fall off  
Girl im just relaxing  
Ive been in my room alone for days  
Negativity won't go away, that's when I fall off  
So I move some, then you ask what im doing  
I say, ooh, nothing  
Then I fall  
I say, ooh, nothin'  
Oh, I fall

I told her she can call me if she wanna  
But she want in on background  
Dont do me like that now  
One more sip and im a goner  
Ain't no telling what I do  
Ive been stuck inside this room  
Im alone with my thoughts  
Trust me im tempted but I know imma get caught  
Instead I get lifted on something, I can barely talk  
And of course you call  
Now, I keep thinking that you thinking that im doing you wrong  
Girl, I can't imagine  
Cause you already think you know whats happenin'

I go somewhere alone, hop up on that wagon  
Then I fall off, fall off, fall off  
Hop up on that wagon  
Then I fall off, fall off, fall off  
Girl im just relaxing  
Ive been in my room alone for days  
Negativity won't go away, that's when I fall off  
So I move some, then you ask what im doing  
I say, ooh, nothing  
Then I fall  
I say, ooh, nothin'  
Oh, I fall

I fall, I fall, yeah  
I fall, I fall, woo  
I fall, I fall, yeah  
I fall, I fall, oou  
I fall, I fall, woo  
I fall, I fall, oou  
I fall, I fall, woo  
I fall, I fall, yeah
