T-Pain

Oh-oh, oh-oh-oh
Oh-oh, oh-oh-oh
Oh-oh, oh-oh-oh
Oh-oh, oh-oh-oh

Come and lay down, relax
Lemme show you what I do
Make you feel good, react
Just as if I were you
'Cause I can make you see the heavens
Using nothing but my hands
If you wanna do me, lift my booty
Maybe take off my pants, yeah
What does a real man do for his lady?
Anything that he can
If you do it right, at the end of the night

You gon' be my number one fantasy
You gon' be my number one fantasy
You gon' be my number one fantasy
You gon' be my number one fan-fantasy
Baby, you can be my number one fantasy

Come on, let's do what we always do
Flip over, throw it back
I'ma throw it all to you
Baby, I can feel your love coming down
So I know I'm doing a good job
I'ma lay down, relax
Come over here and get on top
I'ma show you what I can do for my baby
Make her feel like she flyin'
Flip over again and let's do it just one more time 'cause

You gon' be my number one fantasy (I ain't lyin')
You gon' be my number one fantasy
You gon' be my number one fantasy
You gon' be my number one fantasy
Baby, you gon' be my number one fantasy
You gon' be my number one fan-fantasy
You gon' be my number one fantasy
