

Good Goodbye

T.S.O.L.

I send you a postcard home nearly everyday
Call you on the telephone your telling me you just
can't wait
Dare don't deceive me don't you stray away
Temptation and patience are two things that just
Can't wait

I'm coming home with my hand on my heart
Tell me something tear me apart

Good goodbye, I'm ready
Good goodbye, my friend
Out on the road, I leave you alone
Packing my bags, don't know when I'll be home
Good goddbye, I'm ready

Still hear your voice though your a thousand
Miles away
A kiss goodbye only makes me want to stay
Dare don't deceive me don't you stray away
Temptation and patience are two things that just
Can't wait

I'm coming home with my hand on my heart
Tell me something tear me apart

Good goodbye, I'm ready
Good goodbye, my friend
Out on the road, I leave you alone
Packing my bags, don't know when I'll be home
Good goddbye, I'm ready

I'm coming home with my hand on my heart
Tell me something tear me apart

Good goodbye, I'm ready
Good goodbye, my friend
Out on the road, I leave you alone
Packing my bags, don't know when I'll be home
Good goddbye, I'm ready

Out on the road, I leave you alone
Packing my bags, don't know when I'll be home
Good goddbye, my friend
