

# Beautiful

T-Wayne

I must admit it that you the baddest  
If I had the world in my palms I wouldn't mind letting you have it  
Lately we been taking it slow like we're gone off the Actavis  
I'm just tryna be on point, make sure that we're accurate  
With everything, baby girl you perfect  
I know that you been working, get it with a purpose  
Baby you the piece that I been missing, the gift to my Christmas  
The sun to my summertime, the wish to my wishlist  
I know that they been talking but you never ever listen  
They ain't paying for you to pay attention  
So you don't pay attention, you just foc-ing on your living  
And I can tell you get it, body looking terrific  
And you can be explained in so many words  
Like a racetrack your body got the perfect curves  
Plus you beautiful, if I had you all to myself  
The things that I would do to you  
Plus you kept it real with me so I must keep it true to you  
I'm really digging you, I really love it when we make up  
You the baddest, with or without the make up  
Every day's your birthday, I swear you always caked up  
Kinda like a calendar, I just want to date you

You're beautiful, yeah you're beautiful  
Just want you to know  
You're beautiful, no matter what they say  
Just as long as you know  
You the baddest in the whole town, no matter what they say  
Just don't let em bring you down  
You know I got your back even when I'm not around  
Cause you the baddest in the whole town  
You the baddest

Once upon a time we had some issues  
It was just some minor things that we had to get through  
I promise I would never put your trust into misuse  
I know that you been missing me and I swear that I miss you  
You strong hearted, going the hardest, regardless  
Where you started, you go the farthest  
Putting effort into everything, no matter what it is  
You strive to be the best, nothing less than a queen  
I'm tryna be the king, and I know you been through a lot  
Started from the bottom but you ain't to far from the top  
Get it how you give it baby, give it all that you got  
You shining in the darkest spots, I'm just saying
