Something about my wrist got me going crazy  
Something about my bitch got me going crazy  
Something about this shit got me going crazy  
We're going crazy, it's amazing  
Go crazy, crazy, they got me going crazy  
Crazy, everybody going crazy, crazy  
If you feel me then go crazy, crazy yeah yeah yeah  
Something about my wrist got me going crazy  
Something about my bitch got me going crazy  
Something about this shit got me going crazy  
We're crazy, it's amazing  
We going crazy, crazy, they got me going crazy  
Crazy, everybody going crazy, crazy  
And I be getting crazy, crazy, crazy yeah yeah yeah

Homie going crazy, that's the way they found me  
I swear I got more bars than a hundred counties  
I'm so Master P, I'm so bad about it  
And all that talking that you doing, stop it, cause you ain't 'bout it  
[?] it's going down  
She said she like me cause I'm out of town  
I told her baby it's a swag thing  
So she said my swaggers mad at me, what ever that means  
Word around, I be shutting it down  
10 for a show, that ain't nothing now  
I ain't front, homie I be bucking  
Getting to it ain't nothing, tell me something crazy

Something about my wrist got me going crazy  
Something about my bitch got me going crazy  
Something about this shit got me going crazy  
Crazy, it's amazing  
Go crazy, crazy, they got me going crazy  
Crazy, everybody going crazy, crazy  
If you feel me then go crazy, crazy yeah yeah yeah

Tell that girl cut all that line that she been doing  
Talking 'bout we in to it what you been doing  
I guess it makes you feel cool to say we been screwing  
But I wouldn't hit you even if we really got to it  
Word around, they going crazy  
And when I'm at home it seems like they never hate me  
But when I'm on the road, them niggas getting to act shady  
It seems like they want me to be stuck cause them niggas lazy  
But I ain't trippin' no  
I be ballin', I be ballin' like I'm givin' goals  
I just hit the stove and I'm [?]  
I'm going crazy, my team, we 'bout to rise up, we 'bout to rise up

Something about my wrist got me going crazy  
Something about my bitch got me going crazy  
Something about this shit got me going crazy  
We're going crazy, it's amazing  
Go crazy, crazy, they got me going crazy  
Crazy, everybody going crazy, crazy  
And I be going crazy, crazy  
Everybody going crazy, crazy yeah yeah yeah
