

## Jumpman (Freestyle)

T-Wayne

Yeah, straight up, cool

I don't want your girl because I know she basic  
My bitch bad like Buffy so you know she slayin'  
Wanna join my team? You need a application  
I swear we full of bench warmers cause we ain't playin'  
Hopped out of the coupé, I hit the alley hoop  
All my girls be wetter than a bowl of soop  
I feel sorry if you messin' with my crew  
Ball is life, they'll shoot  
They was hatin' on me just the other day  
See me flexin', had to look the other way  
Said I wouldn't make it, now look at they face  
Serve boy, they had to catch the wave  
They sayin', "Who is Ricky Wayne? ", they thought that I [?]  
My girl so bad she look like she was Instagram famous  
Tell the promoter I ain't comin' through if they ain't payin'  
They speakin' sign language, what you sayin'?  
Back then they used to diss me  
Now they wanna come hug and kiss me  
Callin' my phone sayin' that they miss me  
But I ain't tryna talk, I just want a quickie  
I'm goin' in but I don't think they ready  
My name ain't Wap but I'm 'bout my Fetty  
Pull up, all black Chevy  
Like [?] shit gettin' heavy  
I never tell a lie to my own partner  
I made myself a budget, I'm my own sponsor  
They said that Ricky Wayne turned into a monster  
My money green like Ninja Turtles, cowabunga
