

## Long Time

T-Wayne

I know it's been a minute  
I ain't seen you in a real long time (long time)  
Been thinking bout you lately goin crazy  
Probably lose my mind (my mind)

Idk if you can tell but I can't ever wish you well  
I'm just being honest I feel better by myself  
Congrats on your relationship but I hope it fails  
Start a new chapter a story to tell

Oh oh oh ohhhhh  
Oh oh ohh ohhh  
Oh oh ohhhhh  
Ohh oh oh ohhh

Yea I'm back again in my bag again yeah yeah  
You was average doing savage shit  
And it just don't add up  
I fell back again I'm relaxed  
Again you could call me when you're mad at him  
Doesn't matter when you feel so alone  
Feels right even tho it's wrong  
I know I made a mistake  
I know your in a relationship  
But now I can't relate  
I heard that your in love with him  
But I hope that it fades  
I just pray he breaks your heart and you come running back this  
way
