

## Molly Freestyle

T-Wayne

It's the first, of the month  
Bitch I got the juice and I ain't talking bout punch  
You other rappers, are annoying  
And I'm just kicking shits like I'm punting on the toilet  
Nigga I'm from Texas, Forgiatos on the Lexus  
No IHOP but I like syrup for my breakfast  
Your girl was on my Instagram and you playing detective  
Bodybuilding ass nigga, man I swear that I be flexing  
Pose for the cam, you can tell I'm photogenic  
If I ever said it motherfucker then I meant it  
I'm all up in your girl's mouth I should've been a dentist  
Man I got a lot of commas like a real long sentence  
Got to stay with the sack like a defensive line  
I told em when we make it I ain't leaving 'em behind  
Bitch I'm the bomb, I got em thinking I'm a mine  
I don't know sign language but I know dollar signs  
Your girl says she love it when I dance  
Like nuff, she do it with no hands  
I don't want her unless she bring a couple friends  
Like the Eiffel Tower, I'm posted up in France  
I got a foreign and a brownskin at the same time  
I fell asleep last night and woke up at the airline  
I be killing these rappers, I don't even be trying  
I just went on a safari, came back with a lion  
Bitch I'm super bad, got me feeling like McLovin  
And I'm so hot I mess around and melt the oven  
My whole team eating and I swear that we be grubbing  
If you ain't talking money then I ain't tryna discuss it
