

## Stallion

T-Wayne

I swear that I ain't ever felt this way before  
But I love it when you drop down to the floor  
You killing it from head to toe  
Shawty do it like a pro  
You a stallion, you a stallion  
You a stallion, you a stallion  
Shawty do it like a pro, you a stallion  
You a stallion, you a stallion

Shawty you a stallion, damn you bad  
I swear you make me want to throw that cash  
And if it's worth it I'm a throw my last  
Shawty you could ride it like a cab  
Show me what you got, I'm too cool  
And [?] brand new, but that ass looking brand new  
I just want to paint a perfect picture, like a coworker you can  
bet I'm working with you  
I can turn a nun into a stripper, and that's what's up

I swear lil shawty look just like a model  
I swear shawty got brain like a scholar  
She swallow like no tomorrow, I'm a throw her some dollars  
But don't know if I'm a call her, I'm a break her off proper  
Shawty you's a stallion, well let em be your Hercules  
Drop it to the floor, and put it in reverse for me  
Shawty looking petite, I swear that you a freak  
Go head and put it in repeat, let a nigga see
