

## Want Sum Mo Freestyle

T-Wayne

Pull up in a foreign whip, I be with a foreign bitch  
Need some extra tissues, swear that I been on some more shit  
Need an extra toilet, I'm shitting on these rappers  
I'm sonning these niggas therefore you are not a bastard  
You know where I'm from, where them folks go dumb  
Even in the night time my chains shine bright as the sun  
You know I'm real as they come, I ain't got to force it  
Couple of years ago I was in the Camry, swerving like it was a  
foreign  
You could holler at my bitch but won't get chosen  
Cause her standards are higher than a pilot that was smoking  
I'm Long John Silver, I'm the king when it come to stroking  
She so wet I fuck around and thought I found her in the ocean  
[?] under my roof, sipping on my deuce  
I'm like a walking movie, I'm the black Tom Cruise  
I'm the black Justin Bieber, I got jungle fever  
Don't let your girl come to my show cause you gone have to leave her  
They praying for my downfall and they scared  
But I will never fall like a nigga with ten legs  
Hopped off of that Masi, swerve like Ricky Bobby  
The way I'm kicking flavor you would think I was in karate  
Kicking shit with vanilla trill  
I got more answers than Dr Phil  
If she got that ass I'm a cop a feel  
I'm T-Wayne, I got a heart of steel  
My team ride like a car on wheels  
And you flipping sides, you a cartwheel  
Ass nigga, fuck how you feel  
Diving in that pussy like a motherfucking [?] seal  
I don't take you serious, homie you ain't real  
I'm just tryna get a mil and a fucking meal  
If you want to battle me then you got to have some skill  
Who is Rickey Wayne?
