

# Why You Mad

T-Wayne

Yung Lan on the track  
You turn it up  
You turn the beat up a lil bit  
Beat Monster

Oh that's your girlfriend?  
Why you mad?  
I used to pull up on that hoe but that was bad  
I heard you used to have the juice but that was past tense  
And nowadays you ain't nothin' but a has been  
And why you mad lil bih, why you mad  
Why you mad lil bih, why you mad  
Probably 'cause your man's outchea doin' bad  
That why you mad lil bih, that why you mad

She want it poppin' tho, I got a chipotle  
I pull up at the drop then hit her on her break  
She heard my name around, she know I'm state to state  
2 bad hoes kissin' face to face  
I still hit her, she ain't even have a butt  
And I don't want your bih, I swear that hoe a slut  
I'm ridin' down a city on a boulevard  
I was pullin' up before I had a car  
I was juggin' out the front and out the back  
Servin' dog food, a bunch of scooby snacks  
I like the quaterback, you know I got the sack  
If it's a drop then how we still pourin' that

Oh that's your girlfriend?  
Why you mad?  
I used to pull up on that hoe but that was bad  
I heard you used to have the juice but that was past tense  
And nowadays you ain't nothin' but a has been  
And why you mad lil bih, why you mad  
Why you mad lil bih, why you mad  
Probably 'cause your man's outchea doin' bad  
That why you mad lil bih, that why you mad

Why you mad lil bih, why you mad  
I ain't seen you, I was drivin' way too fast  
I'll still slide on you later for that ass  
'Cause right now I'm only focused on that cash  
She hit my line but I was focused on a cheque  
I ain't reply, but she know I rep the text  
Shoutout my location but she still know where I'm at  
I'm at the trap, I make that bih do jumping jacks  
I called a hundred plays like front to front to front  
I would say back to back but that's just what you want  
I'm in the foreign thinkin' the roof was in the trunk  
Fuck around and kick 'em out like Donald Trump

Oh that's your girlfriend?  
Why you mad?  
I used to pull up on that hoe but that was bad  
I heard you used to have the juice but that was past tense  
And nowadays you ain't nothin' but a has been  
And why you mad lil bih, why you mad

Why you mad lil bih, why you mad  
Probably 'cause your man's outchea doin' bad  
That why you mad lil bih, that why you mad
