

## DAWN

Ta-ku

I am high off this emotion  
For you  
And you poetry in motion  
I do

This ain't a walk in the park  
Look how you treatin' me, love, woah  
Just wanna know who you are  
'Cause I can't feel your love from afar, oh no no  
This ain't a walk in the park  
Look how you treatin' me, love, woah  
Just wanna know who you are  
'Cause I can't feel your love from afar, oh no no

I want to be right there beside you  
'Cause, girl, you know I had to  
Fly high above the islands to find you, yeah-yeah  
'Cause when we spend so many minutes apart, yeah-yeah  
You know I can handle the distance, my heart can't take it  
I been puttin' the pain in my art, baby  
You cannot save me  
It's been hard lately

This ain't a walk in the park  
Look how you treatin' me, love, woah  
Just wanna know who you are  
'Cause I can't feel your love from afar, oh no no  
This ain't a walk in the park  
Look how you treatin' me, love, woah  
Just wanna know who you are  
'Cause I can't feel your love from afar, oh no no

Ooh, yeah, I can't decide  
If it's wrong to do this tonight  
Girl, as soon as we kiss, I fly  
Any longer, I'll miss my flight  
Right here's where I wanna be, my baby  
Please, I don't wanna leave, no way  
I need me a little clarification  
Of what you told me  
Now, show me

What I did in the dark really shines in my heart  
Got my feelings on ten, no  
I've been in from the start, now I lie to the mirror  
I gotta play pretend, no  
And I wish you were here with me  
And I wish you do what you say to me  
Everyday I wait for thee  
You blatantly just throwin' everything away

You better come back to me 'cause I want that  
Extra extra, read all about that love, must've messed up  
All the pressure, please, need to check up on me  
You see I've lost what you left us  
But I don't mind how long it takes  
I can wait because what don't break me creates these

Hasty pleas for some reconciliation  
I need you to show me everything you gotta be

Doin' what you say, oh no (Yeah, I wanna see ya)  
Doin' what you say, oh no (Ooh, I gotta see ya)  
Meanin' what you say, oh no  
Meanin' what you say, oh no  
Doin' what you say, oh no (Yeah, I wanna see ya)  
Doin' what you say, oh no (Ooh, I gotta see ya)  
Meanin' what you say, oh no  
Meanin' what you say, oh no
