

## Down For You

Ta-ku

Fallin' for you, I can't keep away  
Are you listening? I want you to stay

Before you go, I want you to know that  
I'm down  
Down for you  
For you  
For you  
For you

Are you down for me? Down for me  
Are you down for me? Down for me  
Are you down for me?  
You still down for me?

Fall into you, you're like a maze  
Can you hear me? You're stuck in your ways

Before you go, I want you to know that  
I'm down  
Down for you  
For you  
For you  
For you

Are you down for me? Down for me  
Are you down for me? Down for me  
Are you down for me?  
You still down for me?
