

Make It Last

Ta-ku

You're runnin out of time
Ye, ye
So make it last all night
Out of mind and out of sight
Make it last, make it last
Gon' make it last, gon' make it last
We can last, we can last
Make it last all night

Make it la-, make it la-
Make it last
Gon' make it la-, make it la-
Gon' make it last
Make it la-
Make it last
Gon' make it la-
Gon' make it last
You're runnin out of time
Ye, ye
So make it last all night
Out of mind and out of sight
Make it last, make it last
Gon' make it last, gon' make it last
We can last, we can last
Make it last all night

Make it la-, make it la-
Make it last
Gon' make it la-, make it la-
Gon' make it last
Make it la-
Make it last
Gon' make it la-
Gon' make it last
You're runnin out of time
Ye, ye
So make it last all night
Out of mind and out of sight
Make it last, make it last
Gon' make it last, gon' make it last
We can last, we can last
Make it last all night
