Wasted Time

Ta-ku

Tell me...
What do you want to do?
Cause I could think of so many things
You and I could get up to
When I'm right in front you

Tell me why you've wasted time
Let us do all the things that have crossed your mind
Put in the effort
I won't forget it

Running overtime
In my mind

Running overtime
In my mind

Running overtime
In my mind

Why don't you tell me why you fear
Getting closer to me
Tell me cause I'd like to know
If I make you feel vulnerable

Cause I don't mean no harm
Just want you in my arms
I'll take it nice and slow
If you're not ready, show
I'll give you your own space
Swear I don't mind the wait
If you let me in

Put in the effort
I won't forget it

Running overtime
In my mind

Running overtime
In my mind

Running overtime
In my mind
