

WAY OUT

Ta-ku

I'm looking for a way out
You're begging for more
But I'm looking for a way out
Dead on the floor
Never gonna pay off
You're begging for more
But I'm looking for a way out, a pay out
Gonna walk out that door, yeah

I'm not sticking around for this foolishness
I said pay me right now, all this ruthlessness
Why we always always gotta go through this mess?
Say it's over but you're gonna need to prove it
I see you're tryna take advantage of the situation
Telling me the details of what you've been facing
I don't wanna hear excuses or the complaining
It's so draining

My creativity gone
Taking much longer
My creativity
It needs to go on without you

I got my boundaries now
I wanna let them down

I'm looking for a way out
You're begging for more
But I'm looking for a way out
Dead on the floor
Never gonna pay off
You're begging for more
But I'm looking for a way out, a pay out
Gonna walk out that door, yeah

Said I found
No I, no I
A way out
I found my, I found my
I found the way out
