

Keep On Moving

Tab Benoit

Keep on moving
Keep it steady as you go
Keep it moving baby
Not too fast, honey, not too slow
Keep on moving
Keep it steady as you go
Keep it moving baby
Not too fast, honey, not too slow
Now everybody gets down every now and then
And sometimes you need a little help
To get yourself moving again
Keep on moving
Keep it steady as you go
Keep it moving baby
Not too fast, honey, not too slow
Keep it up baby
And don't-cha be afraid to shout
If you get stuck baby
You know I can pull you out
Keep on moving
Keep it steady as you go
Keep it moving baby
Not too fast, honey, not too slow
Want you to take your time
And don't-cha be afraid to shout
If you get stuck baby
You know I can pull you out
Keep on moving
Keep it steady as you go
Keep it moving baby
Not too fast, honey, not too slow
