

## Keep On Moving

Tab Benoit

Keep on moving  
Keep it steady as you go  
Keep it moving baby  
Not too fast, honey, not too slow  
Keep on moving  
Keep it steady as you go  
Keep it moving baby  
Not too fast, honey, not too slow  
Now everybody gets down every now and then  
And sometimes you need a little help  
To get yourself moving again  
Keep on moving  
Keep it steady as you go  
Keep it moving baby  
Not too fast, honey, not too slow  
Keep it up baby  
And don't-cha be afraid to shout  
If you get stuck baby  
You know I can pull you out  
Keep on moving  
Keep it steady as you go  
Keep it moving baby  
Not too fast, honey, not too slow  
Want you to take your time  
And don't-cha be afraid to shout  
If you get stuck baby  
You know I can pull you out  
Keep on moving  
Keep it steady as you go  
Keep it moving baby  
Not too fast, honey, not too slow
