

4 Steps To Dysfunction

Tactical Sekt

2 point 4 kids riding in your Volvo
A Kodak moment for the world to share
Mommy's in the kitchen, cooking up a pot pie
Watching "Who Wants To Be A Millionaire"

Little Johnny's in his room loading up a 12 gauge
Jenny's in her room smoking crack
What happened to your precious little family now?
The devil slithered in when you turned your back

Step 1 - I want you to bleed for me
Step 2 - I want you to kill for the thrill of it
Step 3 - I want you to love the taste of murder
Step 4 - I want you to die

Thousands of people die every day
Thousands of people forgot to live
Millions of dollars wasted on our egos
Not enough money to buy salvation with

Always want to put your 2 cents in
Always quick to snatch it right back
Always bitching about the state of the world today
But you can only see the world in white and black

2 point 4 kids getting on your nerves
2 point 4 kids to neglect
2 point 4 kids have no mind of their own
2 point 4 kids refuse to give respect

What's the matter mommy
What's the matter daddy
Has mommy's little monster
Took another gun to class?

What's the matter mommy
What's the matter daddy
Has daddy's little angel
Grown up way too fast?

What's the matter mommy
What's the matter daddy
Is mommy's little monster
Giving you nightmares

What's the matter mommy
What's the matter daddy
Has daddy's little angel
Become an object of despair?

Step 1 - I want you to bleed for me
Step 2 - I want you to kill for the thrill of it
Step 3 - I want you to love the taste of murder
