

Capital Fallacies

Tactical Sect

Critical mass
Controlled extinction
Light is fading
Put to death

Strapped upon
A cold hard table
Blinded by
Fluorescent hate

Tubes inserted
Sweat is flowing
Shaking shivering
Fear is showing

So barbaric
With no reason
Call us civilised
Call it treason

It's the easy way out
Where you don't have to
Feel the burning chemicals
Eat your veins alive
Corroding you from the inside

Capital fallacies
Tax supported evil
Capital fallacies
Tax supported murder

Super power
Super killer
Super liar
Super criminal

Is nothing wrong
Has nothing been learned
An eye for an eye
Cannot be justified
