

# Leviathan Rise

Tad Morose

Intoxicated by the  
lack of light  
Amazed to face a  
new tomorrow  
Apathetic puppets  
roam the world  
Ignoring the signs,  
the blind lead the blind

Macabre prospects,  
eternal night  
"The world be barren,  
cold, no light therein"  
Darkened charred and dying,  
Death comes from within  
Ignoring the signs,  
the blind lead the blind

Oh hear the sound  
of chanting  
The roar of towers falling  
Ominous call of sirens  
By man the beast will  
rise again

LEVIATHAN RISE  
To fight again  
LEVIATHAN RISE  
The world he claims

Worlds colliding and  
dreams are dying  
What once was is now gone  
Far too late to make amends  
The fen of shame we crawl  
Marching towards a bitter end  
One by one we fall
