

Nemesis

Tad Morose

get out of my way
Get out of my sight
You better step away
or I'll deprive you of life
I am anger I am death
Walk the other way
or become undone

I will not rest
until the ground
Is soaked in your blood
Rest assured that I
will find a way to make you pay

I am your nemesis
I your arch enemy
I am your nemesis
I strike fear into your heart
I am your nemesis
Walk with me through hell

I am the fire inside you
The pain in your veins
I am your anguish,
I am fear
I am horror,
the dark in your soul
My greatest desire
is to make you bleed forevermore
