

Where Ignorance Reigns

Tad Morose

Ready, set, fire at will
These lifes means nothing
Deserves to be killed
Soldiers of god marching on to the knell
Archangels "contemporary"
Condemn you to hell

In the name of god we judge you
To infinite hell!

Hallowed be thy name
Where ignorance reigns

By any means necessary, practice his will
...Of hallowed ground or mercenary
Name of your god you are blessed, cannot lose
Just and fair, shed the pagans blood
Damn them all to hell

A perpetual motion machine
Never ending suffering
The ignorant is fearless
The charlatan's words, misleading
No reward for a human life!

Ready, set, fire at will
Oh sweet vengeance
The circle is closed
A kill for a kill, there is surely no end
Forever hate and despise
