

Behemoth

Tad

They came on down for no reason
Just for fun, lust for blood
Battle zone is the streets at night
They came on down just to start shit with us
Whoa!

See it all around again
Leather straps crackin' my head
Sound rings I feel no pain
Don't wanna stay to hear it again

You will fall down, Behemoth
Motherfucker
You will fall down

Dumpster lid a slammin' down
Stirs up a strange new sound
Leather strap a crackin' my head
Sound rings I feel no pain

Can't run now
Can't run away
Don't want to stay to hear it again
They came on down for no reason
Just for fun, lust for blood

You will fall down, Behemoth
Motherfucker
You will fall down
You will fall down, Behemoth
Motherfucker
You will fall down

Behemoth
Motherfucker
You will fall, you're falling down
Behemoth
Motherfucker
You will fall, you're falling down

You will fall down, Behemoth
Motherfucker
You will fall down, Behemoth
Motherfucker
You will fall down
You will fall down, Behemoth
Motherfucker!
