

Delinquent

Tad

Gonna raise hell
Before the sandman comes
The sandman comes
The sandman comes

Lose no time and have some fun
Gonna have some fun
I'm gonna have some fun

Take my car where no one goes
Gonna learn the things that no one knows
Make war on my human soul
Gonna run wild, ain't got no goal

Some fun all night, all day

Ain't no law gonna bring me down
Ain't no cops in this old town
Going right down to the liquor store
Gonna drink till I can't drink no more
Gonna rev the gas and pop the clutch
Gonna ditch you cause I've had enough
Gonna drive around till the light of dawn
Gonna punch this puppy till the feeling's gone

Some fun all night, all day
Some fun all night, all day

Gonna have some fun
Till I've had enough
I'm gonna have some fun
Till I've had enough

Some fun all night, all day
Some fun all night, all day
