Tad

Talkin' shit all day
Talkin' shit all night
You're a poor man, but you're rich in dirt
Talkin' shit all night
Talkin' shit all day

Yeah

'Cause you're a poor man
You're a poor man, but you're rich in dirt

Dirt, don't you talk to me that way

Don't you talk to me that way
Dirt, don't you talk to me that way

You're a poor man
You're a poor man, but you're rich in dirt

You're a poor man, but you're rich in dirt

You're a poor man, but you're rich in dirt
You're a poor man, but you're rich in dirt

Dirt, don't, don't you talk to me that way
Dirt, (talkin' shit all night) don't you talk to me that way
Dirt, don't you talk to me that way

'Cause you're a poor man
You're a poor man, but you're rich in dirt

You're a poor man, but you're rich in dirt
You're a poor man, but you're rich in dirt
You're a poor man, but you're rich in dirt

Dirt, don't you talk to me that way
Dirt, (talkin' shit all day) don't you talk to me that way
Dirt, (talkin' shit all day) don't you talk to me that way

You're a poor man
You're a poor man, but you're rich in dirt
