

## Helot

Tad

I will, I will assert my dominance over you, I will  
I will, I will  
You will, you will do as you're told  
Do as I say, you will, you will

Fire mountain  
Blow its top  
Grab my jewels  
Let's get the hell out of here

Fire mountain  
Blows its load  
All over you  
All over me  
Pompeii Pompeii  
Vesuvius  
Blowin' ashes in my sky  
Turning my lungs white  
I can't breathe, I can't see  
Carry me out of this hell

Volcano, preserve me in hard stone, catastrophe  
My slave, my slave  
You served me, served me well  
Can't run from hell
