

Let's Go For A Ride

Tad

(Not yet)

Was drivin' fast on a dark wet highway
And somethin' rolled underneath the car
Rearview revealed a corpse bathin' in brake lights
So I picked em' up and offered a ride

Let's go for a ride
Let's go for a ride
Let's go for a ride
Let's go for a ride
Let's go for a ride

40 days dead
Out of the truck and into the front seat
(Let's go for a ride)
It doesn't matter if your stinkin's too far dead
(Let's go for a ride)
It's just you and me and the HOV
But you need to buckle up when you're in the diamond light

Let's go for a ride
Let's go for a ride
Let's go for a ride
Ride
Ride
Ride
Ride
Ride
Ride
Ride
Ride
Ride
