

Lycanthrope

Tad

Yeah I'm real ugly
I want my mommy
Don't make fun of me or I'll start to cry
Yeah I'm a baby
A full-blown whiner
Don't you touch me unless you wanna die

Yeah I smell horrible
And I'm thirsty
Better give me water or I'll butt in your head
Don't she reminds me?
Don't I remind me?
My teeth are grinding
I'm going straight to hell

I'm on a rampage
I've lost my mind
There's no emotion in my cold eye
I've got an itch
That can't be scratched
Adrenaline hunt
I'm on the warpath

Turning my teeth
Under my nails
I'm not sure just where I have been
Give a a scent
That I can stalk

My teeth are grinding
I'm going straight to hell
