

Stumblin' Man

Tad

Stumblin' man talks really slow
Stumblin' man ain't got no home
Stumblin' man ain't got no smile
He ain't had one in quite a while
Stumblin' man walks really slow
Stumblin' man ain't got no home
Night Train, Pine-Sol and Kool-Aid buzz
Stumblin' man don't know where he was

Spit shines glass with a sleeve of sludge
Cuttin' his hair and a broken foot
Stumblin' man ain't got no style
He ain't had one in quite a while
Stumblin' man walks really slow
Stumblin' man ain't got no home
Night Train, Pine-Sol and Kool-Aid buzz
Stumblin' man don't know where he was

Walk the crooked mile
It'll take away your smile
Walk the crooked mile
It'll take away your smile
Walk the crooked mile
It'll take away your smile
