

Tried to ignore  
Death smile day  
Something she said  
Eating way  
Grinding my teeth  
World of decay  
Find a hole  
Eating way

Time bombs inside a bag  
The future never seen  
Time bombs inside a bag  
Watch your head

Blinding disease  
A fever of pain  
Burns your number  
Eating away  
Bitter and angry  
Feeling betrayed  
My heart beats my blood  
Eating away

Time bombs inside a bag  
The future never seen  
Time bombs inside a bag  
Watch your head

Time bombs inside a bag  
The future never seen  
Time bombs inside a bag  
Watch your head
