full throttle

TAELA

(Uh oh)
(Uh oh)
(Uh oh)
(Uh oh)

You said that I was overthinking had me feeling superstitious
At home with your baby while you fuck with other bitches
Thought that I'd stay quiet maybe show you some forgiveness
Now you're broke and fucking angry 'cause I'm running my own bu
siness

Putting on a show for your homies
Want another kiss? You can blow me
Think you got it bad? Wait and see
You ain't fucking with the new me

I know that you just can't resist getting sucked off by a model
It feels so good when you down another bottle
When you act like this you don't think about tomorrow
Every time you do it, yeah, you do it full throttle

And you can tell your lies, try to dodge another pot hole
It's alright I'll forget it by tomorrow
'Cause I'm in our bed with your brother watching narcos
Baby, when I do it, yeah, I do it full throttle

I should've paid attention to your mom and how you treat her
Finally makes sense you never wanted me to meet her
Called her yesterday and told her all about the C words
Everywhere you go it's gonna haunt you through your speakers

Putting on a show for your homies
Want another kiss? You can blow me
Think you got it bad? Wait and see
You ain't fucking with the new me

I know that you just can't resist getting sucked off by a model
It feels so good when you down another bottle
When you act like this you don't think about tomorrow
Every time you do it, yeah, you do it full throttle

And you can tell your lies, try to dodge another pot hole
It's alright I'll forget it by tomorrow
'Cause I'm in our bed with your brother watching narcos
Baby, when I do it, yeah, I do it full throttle
