

life's a bitch

TAE LA

It's a shame it can hurt so bad
Make you feel like dying
I don't know if I'd ever come back
If I got out alive
They say there's a light at the end of the tunnel
I can't seem to find it
Stuck like a boat in a bottle no matter how hard you try

Sometimes life's a bitch
You play nice and get hit
Build it all up just to break down
Over shit that you can't fix
Sometimes life's a bitch
Yeah, it makes me sick
Let 'em all cheer when you fall down
'Cause that's just how it is

Sometimes life's a bitch
La-la-la-la-la
Sometimes life's a bitch
La-la-la-la-la

Some days I just stay in bed
I don't need the drama
Some things better left unsaid
'Cause I don't want the karma
Get high, 'til I don't know how to get by
Outside you can see that inside it's a fistfight
It's like no matter how hard I try

Sometimes life's a bitch
You play nice and get hit
Build it all up just to break down
Over shit that you can't fix
Sometimes life's a bitch
Yeah, it makes me sick
Let 'em all cheer when you fall down
'Cause that's just how it is

Sometimes life's a bitch
La-la-la-la-la
Sometimes life's a bitch
La-la-la-la-la

Sometimes life's a bitch
Life can suck my dick
Build it all up just to break down
All the shit that you can't fix

Sometimes life's a bitch
Yeah, it makes me sick
Let 'em all cheer when you fall down
'Cause that's just how it is
Sometimes life's a bitch
La-la-la-la-la
Sometimes life's a bitch
La-la-la-la-la
