Moistly, moistly you fall down
Water vibrates in a circle when you touch its surface
You've traveled by sweet gravity
I can't avoid you

In my heart, drip drop, you fall one by one
Drip drop you wet me more
Drip drop like this music
Drip drop drip drop on me

Knock knock you've knocked on my heart
With your ticklish whispers
This feeling is baby maybe
It sinks in the depths of the open sea, rather than the blue
The blue color is almost navy
Cloudy weather is fine if I you are there
Grey clouds become a comfy shade
Your raindrops become my sea

A big ocean is in front of my eyes
A motion that eats me alive
I can't get away
Oh get a hold of yourself
Don't falter and find your key
Again tick tick time flies by
Where is this broken compass leading me
I pull up the anchor and go against the headwind
I sail toward her

Waves come slowly and take me
They calm my rocking heart
Only your caress

Make these waves peaceful yeah

In my heart drip drop you fall one by one
Drip drop you wet me more
Drip drop like this music
Drip drop drip drop on me

Following the speed that my heart grows
You flow to me into my time
I feel comfortable as if I were dreaming
We are dancing as if we were always one
