(Let's break it down)

Let me break it down down
Break break down
I'm gonna break down
Now break break down

I want to show you myself
Let me just show you
Will you look at me?

Let me break it down down
Break break down
I'm gonna break down
Now break break down

I wanna go till the end

Baby, I got you
Will you follow me?

Turn my voice up a little more
Listen carefully, everyone focus here
The long awaited dance floor
I'm gonna let it go
I'm gonna go c-c-c-crazy
I can't take it anymore

Can you hear the sound of my heart?
This is the melody inside of my heart for you
It's making your body move
Shake shake in poppin' groove
I want to hold your hand and dance

Match your footsteps with mine
Leave your body to this rhythm
Don't tell me to stop
We're just starting now
Let me break this down

Let me break it down down
Break break down
I'm gonna break down
Now break break down

I wanna go till the end, baby
I got you, will you follow me? (Saying!)

Guys, put your hands up
The girls next to them, shake your butts
Throw yourself away just for today
You can just let it go
Let's all get c-c-c-crazy
Right now at this place

Can you hear this love song?
This is a harmony for all the girls
Today is everyone's special day
We gonna celebrate until the morning comes
We gonna party all night

Match your footsteps with mine
Leave your body to this rhythm
Don't tell me to stop
We're just starting now
Let me break this down

Let me break it down down
Break break down
I'm gonna break down
Now break break down

I wanna go till the end, baby
I got you, will you follow me? (Saying!)

Now I shake a body on the floor
Cause we're keep in going
Rock your body on the floor
Cause we're keep in going

Like an elevator

Let's go up and down
Like an elevator
We go up and down

Now I shake a body on the floor
Cause we're keep in going
Rock your body on the floor
Cause we're keep in going

Ah ah ah ah ah ah ah ah ah
Say eh eh eh eh eh eh eh eh eh

Let me break it down down
Break break down
I'm gonna break down
Now break break down

I wanna go till the end, baby
I got you, will you follow me? (Saying!)
