For you, my baby
Jeo challanhage binnaneun crown

Chatgi wihae I'm coming down

God, I need some water
I'm steady runnin' on empty and tired
Can you send it now and let it rain down on my soul?
No matter what, I'll be with ya
Even if it's dark and it gets hard to find
You know, I'll be with ya
We'll be somewhere hid inside
And it won't be too long now
'Cause the sun is coming over the clouds (Yeah, yeah)
And I'll see you once again
