When you have a fight with him  
Sometimes you cry and feel sad and blue  
I become hopeful  
My heart aches secretly  
Then just a hint of your smile can make feel fine again

To keep you from figuring out how I feel about you  
Coz then we would drift apart  
I hold my breath  
Bite my lips  
Oh, please leave him and come to me

Baby, please don't take his hand  
Coz you should be my lady  
I've been waiting for you for so long please look at me now

When the music starts you will vow to spend  
The rest of your life with him  
How I prayed every night  
This day would never come

The wedding dress you're wearing  
(Girl) The wedding dress you're wearing  
(It's not me (next to you))  
The wedding dress you're wearing  
Oh, the wedding dress you're wearing, oh, no

You never knew how I felt about you  
And I hated you so  
Sometimes I wished you would be unhappy  
Now I have no more tears left to cry  
When I'm by myself I talk to you like you're here

I've felt so restless every night  
Maybe I've known all along  
This would happen  
I close my eyes  
And dream an endless dream  
Please leave him and come to me

Baby, don't take his hand when he comes to you  
Coz you should be my lady  
I've been waiting for you for so long look at me now

When the music starts  
You will vow to spend the rest of your life with him  
How I prayed every night  
This day would never come

The wedding dress you're wearing  
(Girl) The wedding dress you're wearing  
(It's not me (next to you))  
The wedding dress you're wearing  
Oh, the wedding dress you're wearing, oh, no

Please be happy with him  
So that I can forget you  
Please forget how miserable I looked  
It's going to be unbearably hard for me  
For a long while to come

I've been living  
The lies for too long  
Yet, she would look at me  
And smile

The wedding dress you're wearing  
(Girl) The wedding dress you're wearing  
(It's not me (next to you))  
The wedding dress you're wearing  
Oh, the wedding dress you're wearing, oh, no
