A wound that has barely healed

I keep digging again and again

Even if it hurts repeatedly

But this time, this time

It will be different from you

The wind that resembles a mirage

I want to lean on you in front of me

This time, this time

My soul that has supported me

I give it to you

In vain I collapsed again

The regret of stumbling further or
Even my pride
Because I didn't leave anything behind
One more tear to shed
I poured it all out
I give you all for nothing

After a short, hot warmth
It will pour like ale
Knowing the bitter loneliness
But this time, this time
I hold your outstretched hand tightly
Even if it's a dream I'll wake up from
I wanted to rest in your body heat
This time, this time, yeah

My feelings for you have deepened
Trampled on
It turned into ashes like that

The regret of stumbling further or
Even my pride
Because I didn't leave anything behind
One more tear to shed
I poured it all out
I give you all for nothing

The hands of the clock are spinning in vain
Gaps in fragmented memories
The lost days
Adios

In my two empty eyes
All that remains is emptiness
Even I erased the ending
One more tear to shed
Because I loved you without you
I give you all for nothing

I gave it all to you
