Baby ooh yeah
Should be me and you

What words should I say?
What thoughts are you
Immersed in like that?
You and I remain here

Full of anticipation, your whispers
Like a dream we've drawn together
You and I
Will we be able to love?

Come to me baby, come come to me baby
Us of the glorious past days

Oh remember, we liked
We cried and also laughed
So we can go back to that
Time in the beginning (you)
We were always together
We became alike
I can't even imagine forgetting you
We were one, me and you
You you you, yeah, oh yeah

Our eyes that always looked at the same place
It keeps becoming disjointed
Even though you're nearby
I can't see your heart

Like how the moon quickly blooms
When the sun sets
I hope you'll return to me as if nothing happened
The painful now will disappear afar like a dream

Come to me baby, come come to me baby
Come to me like a shooting star

Oh remember, we liked
We cried and also laughed
So we can go back to that
Time in the beginning (you)
We were always together
We became alike
I can't even imagine forgetting you
Like the beginning, me and you
You you you, yeah, oh yeah

In the sky, like a star with anticipation
Kiss me kiss me, kiss me, kiss me
If it's not each other

This light will disappear, yeah yeah

Warmth that remembers even small atmospheres
When you disappear
The season is cold, my breathing becomes faint

Warm heart, small gestures (my only)
Before your breathing becomes faint
(It becomes faint) turn your footsteps (you)

Your star light that passes by me once
Two meaningless stars, if it's not one
Forever, me and you
You you you, yeah, oh yeah

Baby, ooh, yeah
Should be me and you
